

**The future is bright
Though you are not
Your call is important
Important to us**

**We love you so much
We'd like to hold you
In a queue
Forever**

**Press Hash to Comply
(Resistance is futile)
Hit the star key twice
(You will be assimilated)**

**Press One for Billing
Press Two for Luck
Press Three for an Eternity
And sudden Disconnection**

**Though you are speechless
Your useless curses
May be recorded
And used for training purposes**
