

# KINGHORN COMMUNITY COUNCIL ELECTION

## Ewen Campbell

One amazing aspect about Kinghorn are the many groups and organisations that work hard to make Kinghorn a great place. If elected, I would like to see the Community Council support and work with these groups wherever possible. By working together, we can achieve more than by working individually.

I am actively involved in other organisations around the village, including the Land Association and the Tennis Club. I would be delighted to become part of our Community Council and would work hard for you if elected.
